

OPEN LETTER TO THE HON'BLE CHIEF JUSTICE OF PAKISTAN

07.10.2024

We, the undersigned, without affiliation to any group or political party, write to you in our capacity as individual practitioners of justice.

"We should have a State in which we could live and breathe as free men and which we could develop according to our own lights and culture and where principles of Islamic social justice could find free play."

- Quaid-e-Azam Muhammad Ali Jinnah

Our nation has come to a place where it is under constant threat by external as well as internal elements. In order for us, as a nation, to stand and fight these threats, it is imperative that we stand united and strengthen the civilian, armed and judicial institutions of Pakistan. However, it has been witnessed that since the recent past, there has been a constant attack on the judiciary which is one of the most important pillars of democracy. The latest attempt is in the shape and form of the 26th Constitutional Amendment ("Proposed Amendment") which is outrightly, expressly and unequivocally rejected by the legal fraternity. It is nothing but another form of a Provisional Constitutional Order (PCO).

Our very grundnorm *inter alia* guarantees, democracy, freedom, equality, political justice and independence of judiciary. The Objectives Resolution underscores that the independence of judiciary shall be secured. To secure means to protect from any perceived imminent threat and the framers of the Constitution were mindful not to use any other word. The Proposed Amendment is a direct threat to the independence of judiciary. It is therefore, the duty of not only the judges, but each and every citizen of the Islamic State of Pakistan to protect and defend the independence of judiciary from any threat and being the Chief Justice of Pakistan, it is expected that you ensure that the Proposed Amendment is crushed before it sees the light of the day.

The current Supreme Court is one of the basic salient features of our Constitution and creating a Federal Constitutional Court shall make it subservient and change the entire structure of our Constitution. The legal fraternity accepts only the Supreme Court as a Constitutional Court and there is no need of the hour to introduce a separate Federal Constitutional Court. Such Courts are normally introduced during times of constitutional transition and in countries without a tradition of judicial review e.g., Cour d'Arbitrage de Belgique in 1980 and the French Conseil Constitutionnel in 1958. In such circumstances, values and interests protected by old law come sharply into conflict with the legitimacy of the new constitutional order. Pakistan faces no such situation at hand and the only reason to introduce the Federal Constitutional Court is to increase the interference by the Executive into the affairs of the Judiciary. Such judiciary can never be independent and impartial where incentives are within the control of the Executive:

"History is witness to the fact that the fundamental rights particularly those who are the most vulnerable, becomes the first casualty in societies where the judiciary comprises those who were compromised and thus susceptible to being influenced from those wielding power and influence."

It is without any doubt that the Proposed Amendment aims at curtailing the Fundamental Rights of the citizens especially under the garb of national security. That citizens may be subjected to military court trials and the courts will be toothless institutions without any power to be the ultimate guardians of Fundamental Rights. No government should have such unfettered powers where an Orwellian State is created in which no citizen is free to exercise any rights. As Justice Louis Brandeis stated:

*"[T]hat it is hazardous to discourage thought, hope and imagination; that fear breeds repression; that repression breeds hate; and that hate menaces stable government."*²

¹ PLD 2022 SC 119 (Justice Qazi Faez Isa & Ors. v. President of Pakistan & Ors.)

² 274 U.S. 357 (1927) (Whitney v. People of State of California)

Your Lordship, the Constitution is clear that the State must exercise its powers and authority through the chosen representatives of the people³. The current parliament has no legitimacy as the bench in the Reserved Seats case⁴ held that the Election Commission of Pakistan misinterpreted the judgment of the Supreme Court dated 13.01.2024 and wrongly mentioned the candidates of a political party as independents. How then can such elections, where the people were not given the freedom to vote for whichever political party they desire, be declared in compliance with the Constitutional provisions? Not only has the Election Commission of Pakistan infringed the Fundamental Right of the people but has also not abided by the order of the Hon'ble Supreme Court of Pakistan⁵. There is no doubt that such Elections must be declared as null and void and the current parliament should in no way shape and form be allowed to table any constitutional amendment.

We, the undersigned legal fraternity outright reject any attack on the principles of natural justice, separation of powers, independence of judiciary and rule of law. Without independence of judiciary there shall be no public confidence as this land shall not witness rule of law. Both principles being interwoven are the only guarantee to the preservation of democracy.

It is now up to you to decide what legacy you wish to leave behind? The whole nation is looking up to you for their protection. This is no longer about any political party or person or ego. This is about the safety, security and sanctity of the Islamic Republic of Pakistan. Let the pages of history show to the generations to come that the current Chief Justice of Pakistan stood as a protector of this nation against all who aim to destroy it.

Through this open letter we also call upon all the Judges of the Supreme Court of Pakistan to ensure that the trichotomy is preserved and the Fundamental Rights as well as the independence of judiciary are protected. That all constitutional steps at your disposal are

taken to not only ensure, but secure the same. We, the undersigned stand with you and express to you, through this open letter, our complete and unprecedented support.

We further call upon the Pakistan Bar Council and all the Provincial Bar Councils including the Islamabad Bar Council, the Supreme Court Bar Association of Pakistan and all the High Court Bar Associations as well as District Bar Associations across the country to stand in solidarity with the Judges of the Supreme Court of Pakistan.
